lough Beginning of the Honeymoon. On last Friday morning an athletic oung farmer, in the town of Waynesbush, took a fair girl, "all bathed in blushes," from her parents, and started for the first town across the Pennsylvania line, to be married, where the ceremony The happy pair were accompanied by a The happy pair were accompanied by a hister of the girl, a tall gaunt, sharp-leatured female of some thirty-even sum-tured female of some thirty-even sumtured female of some thirty-seven sum-mers. The pair crossed the line, were married, and returned to Wellsville, to pass the night. People at the hotel where the wedding party stooped, observ-ed that they conducted themselves in a rather singular manner. The husband would take his sister in-law, the tall female aforesaid into one corner of the parlor and talk carnestly to her, gesticulating wildly the while. Then the tall female would "put her foot down" and talk to him in an angry and excited manner. Then the husband would take his fair, young bride into a corner, but he could no sooner commence talking to her than the gaunt sister would rosh in between them and angrily join in the conversation. The people at the hotel ascertained what this meant about 9 o'clock that evening. There was an uproar in the room which had been assigned to the newly married couple, Female shricks and masculine "swears" startled the people at the hotel and they rushed to the spot. The gaunt female was pressing and kicking against the door of the room, and the newly mar ried man, mostly undressed was barring her out with all his might. Occasionally she would kick the door far enough open to disclose the stalwart husband, in his Gentleman Greek Slave apparel. It appeared that the tall female insisted

upon occupying the same room with the nawly-wedded pair; that her sister was favorably disposed to the arrangement, and that the husband had agreed to it before the wedding took place, and was now indignantly repudiating the contract. HOSTETTER'S

tation heretofore unknown. A few facts upon this point will speak more powerfully than valumes of bare assertion or blazoning puffery.

destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other billous complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of un-alloyed pleasure. It removes all morbid maffer from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them

to a condition essential to the healthy discharge of the functions of nature. Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evi-dence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child in so absorbingly tender, that the mother, especially if she be young is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers gene-rally prefer the Bitters to all other invigora-tors that receive the endorsement of physi-cians, because it is agreeable to the taste as well as certain to give a permanent increase

JUSTLY CELEBRATED TOLU ANODYNE The Natural and Sure Remedy for all NERVOUS COMPLAINTS From Neuralgia through all cases where Oplum was, ever used to that of Deltrium Tremens, and the com-

LOSS OF SLEEP. The great Central Active Principle of the Tolu Anodyne is a true development of the Original Natural Opiate. In all cases wherever Opium has been used, and its baneful effects witnessed, no mark of ours can adequately compare the difference, and no decision is equal to a trial. The Anodyne contains not a particle of Opium, and the most delicate constitution can use it with safety, and the perfectly natural state it keeps and leaves the Patienta should recommend it to Physicians who have long sought the true development and to Patients who want natural results.

The basis of the Universal Cough Remedy is that freedom from all components which by the great error in compounding, produce complete inerts, instead of real cures. We place no restraint on its use every hour in the day, and ask all Patients to make it the natural enemy to all Coughs, Threat or Lung Complaints by a perfect freedom of application. For instanmatory Sere Threat it is a perfect Remedy, and for Whooplug Cough checks all the sparms and allows the Cough to have its run in a quiet way.

With the spirit that we court all investigation, and readinoss to answer all Inquiries, may we in return ask all to be cautious to purchase only of those they can rely upon. "Prices within the reach of all." General Agents, J. W. Hunewell & Co. 7 and & Commercial Wharf, Boston.

STOMACH BITTERS. The proprietors and manufacturers of HOS TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a repu-

The consumption of Hostetter's Stomach Bit-ters for the last year amounted to over a halfmillion bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but

are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom. This is not a temporary popularity, obtained by extraordinary efforts in the way of trung-peting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destinal to be as a solid property of the solid propert

of bodily strength. All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhoza, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and sursing mathers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial. CAUTION.—We caution the public against using any of the many imitations or counter-feits, but ask for Hostetten's Celebrated STORACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped
